4. Right of Inspection

UPS reserves the right to open and inspect any Package tendered to it for transportation, but is not obligated to do so.

5. Reweigh

UPS reserves the right to reweigh Shipments, notwithstanding that a weight has been declared on the shipping document. The corrected weight determined by UPS may be applied for the assessment of rates, and the Shipper agrees to pay same.

Reweighting may occur at various transportation points before delivery; therefore, reweighing adjustment charges may not be reflected on the same invoice as the original transportation charges.

UPS reserves the right to administer an Additional Handling Fee (see Section 9.6), as set forth in the UPS Rates at the time of shipping, if the Shipper's originally declared Shipment weight is less than the Shipment weight determined by UPS auditors.

6. Refusal of Packages

UPS reserves the right to refuse any Package that by reason of the dangerous nature or any other character of its contents is liable, in the judgment of UPS, to soil, taint, or otherwise damage other merchandise or equipment, or that is economically or operationally impractical to transport, or that is improperly packaged, wrapped or labelled.

7. Proper Packaging and Labelling

Packaging

- Considering that UPS operates a high-speed, high-volume, highly automated distribution system, Shippers must Package their Shipments in a manner that properly protects the contents during transportation.
- Packages tendered to UPS must be packed or wrapped as to meet the requirements set forth in International Safe Transit Association (ISTA) Procedure 3A (Procedure for Testing Packaged Products).
- UPS will not be liable for delay, damage to or loss of goods caused or contributed to by defects or inadequacy of the packaging used by the Shipper, or for damage to or loss of the packaging used by the Shipper.

- The use of UPS-provided packaging is not a guarantee that an item is sufficiently packaged for transportation.
- UPS does not provide special handling for Packages bearing "Fragile," Package orientation markings (e.g., "UP" arrows or "This End Up" marking), or any other similar markings.

Labelling

- Every Package tendered to UPS must contain complete From and To details including postal code or Zip code, contact names, telephone numbers and a UPS Tracking Number.
- UPS cannot deliver to a P.O. Box number. Packages require a street address including apartment/suite/unit numbers and the receiver's telephone number.
- A Rural Route number is acceptable if the receiver's full name and telephone number are clearly marked on all Packages.

8. Rates

Charges set forth in the UPS Rates applicable to the Shipment in effect at the time of shipping will be assessed.

8.1 Multiple-Piece Shipments

All Packages covered under a single UPS Pickup Record are considered a Shipment for the purpose of calculating shipping charges.

8.2 UPS-Supplied Express Packaging

When using UPS-supplied Express packaging (UPS Express Envelopes, UPS Express Paks, UPS Express Boxes, and UPS Express Tubes), each one is considered a single-piece Shipment and may not be combined with other Packages for multiple-piece pricing.

UPS-supplied Express packaging is to be used for Shipments sent via

UPS Express[®] services, including UPS Worldwide Express Plus[™], UPS Express Early A.M.[®], UPS Worldwide Express[™], UPS Express, UPS Worldwide Express Saver[™], and UPS Express Saver[™]. For domestic Shipments only, UPS Express packaging may also be used for UPS Expedited[®] shipping. Shipments sent in UPS Express packaging but utilizing non-qualifying service levels will be subject to an Additional Handling Fee.

The chargeable weight of international Shipments using UPS-supplied Express packaging is the greater of the actual weight and the dimensional weight of the package. See Section 8.4 for details.

8.3 Rounding Measurements

Package weights must be rounded up to the next whole pound or kilogram. Package dimensions must be rounded off to the closest whole inch or centimetre.

8.4 Chargeable Weight for UPS Shipments

Transportation charges are based on the actual weight of the Shipment or the dimensional (volumetric) weight of the Shipment, whichever is greater.

- **Actual weight** refers to the weight of a Package as measured on a scale.
- **Dimensional weight** is calculated to reflect the size and space (the volume) a Package occupies. It is based on the current International Air Transport Association (IATA) volumetric standard, which is subject to change without notice. Dimensional weight is calculated by multiplying *length x width x height* of each Package in inches and *dividing by 166** for dimensional weight in pounds. (If multiplied in centimetres, *divide by 6,000** for dimensional weight in kilograms.)

* Dimensional weight calculation methodology and divisor values are subject to change without notice.

8.5 Minimum Rates for Heavy Shipments

To determine the rate for a multiple-piece Shipment with a chargeable weight of more than 150 pounds or 68 kilograms, multiply the total chargeable weight (rounded up to the next whole pound or kilogram) by the appropriate price per pound or kilogram shown on the rate chart for the service level selected. The amount billed will be the greater amount of the following:

- The result of the above calculation, or
- The minimum rate shown in the rate chart, or
- A minimum charge calculated on each Package being billed at 10 pounds or 5 kilograms

9. Additional Services

9.1 Declared Value

Each Package or Shipment is automatically protected against loss or damage up to \$100.

If the Shipper wishes to declare a value of more than \$100 for the Shipment, an additional charge, set forth in the UPS Rates in effect at the time of shipping, will be assessed for each \$100 of the Declared Value. Also see Section 3.2 (Maximum Declared Value), Section 3.3 (Prohibited Articles) and Section 21 (Responsibility for Loss or Damage).

All responses will be consolidated and provided to the Shipper in printed format.

Delivery Confirmation Signature Required -

A Shipper may request UPS to obtain the recipient's signature and to include it on the Delivery Confirmation response. In such case, an additional fee, set forth in the UPS Rates applicable to an international Shipment or domestic Package in effect at the time of shipping, will be assessed.

UPS, in its sole discretion, will determine if delivery can be completed when such a request is made, and may request photo identification indicating the recipient's age before completing delivery. The Shipper must use a UPS automated shipping solution to initiate a request for this service.

A Shipper may elect to direct the responses to an address other than the return address specified on the shipping label. In such case, the response will be mailed individually, and an additional fee, set forth in the UPS Rates applicable to the Shipment in effect at the time of shipping, will be assessed.

Except for Shipments to the U.S. or Mexico, an additional Duty and Tax Forwarding Surcharge set forth in the UPS Rates in effect at time of shipping will apply if the Shipper selects a billing option in which duties and taxes are to be paid outside of the destination country of the Shipment. See Section 16 for available billing options.

9.5 Address Correction

If UPS is unable to deliver any Package or Shipment because of an incomplete or incorrect address, UPS will make a reasonable effort to secure the correct address. If the correct address is secured, the Shipper will be notified of the correction on their delivery service bill. An additional fee, set forth in the UPS Rates applicable to the Shipment in effect at the time of shipping, will be assessed to each Package within the Shipment for this service.

10.9 Residential Delivery Surcharge

A Residential Delivery is defined as delivery to a location that is a home, including a business operating out of a home that does not have an entrance open to the public. If the delivery location could be construed as either residential or commercial, then the delivery will be considered a Residential Delivery. An additional

charge, set forth in the UPS Rates applicable to the Shipment in effect at the time of shipping will be applied to a Residential Delivery.

11. C.O.D. Service

UPS offers two different levels of Collect On Delivery (C.O.D.) service, each with its own policies, procedures, and rates.

Regular C.O.D. service is available within Canada and to the United States.

UPS Express C.O.D. service is available within Canada.

11.1 Regular C.O.D.

Provides return of the Consignee's payment to the Shipper, typically within ten (10) business days after delivery of the Shipment. UPS will collect payment in the form of cheque, bank draft, certified cheque, or money order made payable to the Shipper (not UPS). UPS will not accept a post-dated cheque in payment of a C.O.D. package. If the Shipper requires payment to be made using secured funds, this request must be indicated in the automated shipping system or indicated on the paper C.O.D. Tag

attached to the Package; UPS then reserves the right to accept a bank draft, certified cheque, money order, or other similar instrument issued by or on behalf of the Consignee. The Shipper should notify UPS within thirty (30) days from the date of Shipment if the Shipper has not received payment of the Regular C.O.D. amounts.

The amount to be collected for Regular C.O.D. is limited to a maximum value of \$50,000 per Package.

Note: Regular C.O.D. service to the United States is only available through UPS automated shipping solutions.

11.2 UPS Express C.O.D.

Provides return of the Consignee's payment to the Shipper, typically on the next business day after delivery of the Shipment. UPS will collect payment in the form of cheque, bank draft, certified cheque, or money order made payable to the Shipper (not UPS). Payments will not be accepted in the form of cash, or cheques made out to UPS. The Shipper should notify UPS within ten (10) days from the date of shipment if the Shipper has not received payment of the UPS Express C.O.D. amount.

The amount to be collected for UPS Express C.O.D. is limited to a maximum value of \$50,000 per Shipment.

UPS Express C.O.D. is only available when using a UPS automated shipping solution.

Saturday Delivery for the return of the UPS Express C.O.D. Envelope is not available.

11.3 For All C.O.D. Shipments

- All cheques (including bank drafts and certified cheques) and money orders tendered in payment of

C.O.D.s will be accepted by UPS at the Shipper's risk, including, but not limited to, risk of non-payment, insufficient funds and forgery, and UPS shall not be liable upon any such instrument.

- It is the Shipper's responsibility to notify the Consignee prior to shipping that the Shipment requires payment upon delivery, and what form(s) of payment will be acceptable (see above).
- An additional C.O.D. fee, set forth in the UPS Rates applicable to the Shipment in effect at the time of shipping, is applicable for each Package (Regular C.O.D.) and each Shipment (UPS Express C.O.D.®) when the UPS C.O.D. service is selected.
- If the Consignee refuses to provide the required payment, UPS will return the Shipment to the Shipper.
- The C.O.D. amount to be collected shall be limited to the actual value of the contents of the Package (Regular C.O.D.) or the Shipment (UPS Express C.O.D.), plus shipping charges.
- UPS's liability in the event of loss, theft, damage, or delay for the remittance of C.O.D. payment collected on behalf of the Shipper, regardless of the manner in which that loss, theft, damage or delay occurs, or for failure to collect payment at the time of delivery, or if the payment collected is incorrect is limited to a refund of the C.O.D. fee paid for the service.
- The entry of a C.O.D. amount is not a declaration of value. If the Shipper wants to protect against failure to deliver, damage, loss or theft regarding the C.O.D. Package for an amount greater than \$100, the greater value must be indicated in the Declared Value area of the shipping document and the Declared Value charges paid.

- C.O.D. Packages with an amount to be collected in excess of \$500 will not be accepted for transportation via UPS Drop Boxes.

- Payment for any C.O.D. Package of \$10,000 or more must be collected in a single cheque or monetary instrument such as a cheque, certified cheque, money order, or bank draft.

11.4 C.O.D. Procedures

Different procedures apply to the preparation and recording of C.O.D. Packages for Regular C.O.D. service and C.O.D. Shipments for UPS Express C.O.D. service:

- *Regular C.O.D.* Shippers using a UPS automated shipping solution will generate, and apply to each C.O.D. Package, a system-generated address label with a C.O.D. bar code and the amount to be collected for each individual Package.

- *Regular C.O.D.* Shippers not using a UPS automated shipping system will prepare and attach to each C.O.D. Package a UPS C.O.D. Tag showing the amount to be collected and will enter such amount on the UPS source document in the space provided for that purpose. Each C.O.D. Package in a Shipment should carry a C.O.D. Tag for the goods contained in that Package.

Regular C.O.D. Packages prepared using a manual paper C.O.D. Tag may be subject to a Manual Recording Fee (Section 10.8) set forth in the UPS Rates applicable to the Package in effect at the time of shipping.

Note: Regular C.O.D. service to the United States is only available through UPS automated shipping solutions.

- *UPS Express C.O.D.* Shippers must use a UPS automated shipping solution to generate, and apply to each UPS Express C.O.D. Shipment,

a system-generated address label with a UPS Express C.O.D. bar code, and a UPS Express C.O.D. Envelope with a Consignee receipt indicating the amount to be collected for each Shipment. Each Package in the Shipment must carry a UPS Express C.O.D. control sticker.

14. Special Handling of Undeliverable International Packages

International Packages refused by the Consignee, or that cannot be delivered for any other reason, will be held, and the Shipper will be contacted for further instructions. The Shipper will be responsible for payment of all other charges, including, but not limited to, forwarding, disposal, or return transportation charges, as well as any duty and tax, if applicable.

15. Provisions for Customs Clearance of International Shipments

15.1 Export Documentation

The Shipper must provide the required export documentation for customs clearance, such as Commercial Invoice and certificate of origin. By providing this documentation, the Shipper certifies to UPS that all statements and information relating to exportation and importation are true and correct. There are civil and criminal penalties, including the forfeiture and sale of the Shipment, that may be imposed for making false or fraudulent statements.

15.2 Agent for Customs Clearance

When a Shipment is imported into or exported from Canada, UPS may act as the agent for customs clearance, where allowed by law. In effect, UPS is specified as the nominal Consignee for the purpose of designating a customs broker to perform customs clearance. Local authorities may require documentation confirming that UPS has been designated as the nominal Consignee.

For importing into Canada:

- UPS has a document called "General Agency Agreement" for the Consignee to designate UPS as its customs broker for imported Shipments.
- UPS charges fees for customs clearance service of Shipments arriving from the U.S. via UPS Standard® service.
- UPS charges fees for customs clearance of Shipments arriving in Canada via other transportation companies.

For exporting from Canada to the U.S.:

- Customs clearance of UPS Standard Shipments can be performed by UPS Supply Chain Solutions® or by a commercial broker selected by the importer or Shipper. UPS provides brokerage service through UPS Supply Chain Solutions, designated by UPS for handling routine customs clearance of UPS Worldwide Express Plus™, UPS Worldwide Express™, UPS Worldwide Express Saver™, UPS Worldwide Expedited™ and UPS 3 Day Select® Shipments at no additional charge.

For exporting from Canada to other countries:

- Customs clearance services vary by country.
- Call 1-800-Pick-UPS® for details.

15.3 No-Charge Routine Customs Clearance

UPS provides routine customs clearance at no additional charge for Shipments imported into Canada via UPS Worldwide Express Plus, UPS Worldwide Express, UPS Worldwide Express Saver and UPS Worldwide Expedited service, or exported from Canada via UPS Express Early A.M.®, UPS Worldwide Express Plus, UPS Worldwide Express, UPS Worldwide Express Saver, UPS Worldwide Expedited, UPS Express®, UPS Express Saver™,

UPS Expedited® and UPS 3 Day Select service. This applies to formal entries for Shipments of up to five (5) classification lines. Additional charges apply for complex customs clearance procedures. Other fees and charges may also apply. See Section 15.4 for more details.

When importing an International Shipment, UPS may assess the following charges:

- a) Entry Preparation Fee.
- b) Any duties and taxes remitted by UPS on behalf of the Importer of Record to the Canada Border Services Agency (CBSA).
- c) Bond Fee, the fee in connection with the bond UPS posts in order for the shipment to be released prior to the payment of duties and taxes.
- d) Freight charges, if the Shipper has indicated that these charges are to be billed to the importer.
- e) Additional fees for complex customs clearance procedures which include, but are not limited to:
 - Clearance procedures involving a government agency
 - Customs bonds
 - Drawbacks
 - Formal entries involving more than five (5) classification lines
 - Import permits
 - Live entries
 - Marking attendance
 - Temporary import bonds
 - Refunds or duty drawbacks
- f) Any customs penalties, storage charges, or other expenses incurred as a result of an action by customs, or failure by the Shipper or Consignee to provide proper documentation or to obtain a required licence or permit. If the Consignee does not pay these additional expenses, the Shipper is liable for payment.

g) Import C.O.D. Fee for collection of charges for customs clearance upon delivery, if necessary (see Section 15.5 for a list of circumstances that require an Import C.O.D. Fee).

15.5 Import C.O.D. Fee

When importing an international Shipment into Canada, there are a few instances where UPS may require C.O.D. payment of charges for customs clearance upon delivery of the Shipment:

- If the Consignee does not have a UPS Account Number to which import charges can be billed.
- If the Consignee has not signed a Power of Attorney giving UPS power of attorney to act as their customs broker, but wants UPS to provide one-time customs clearance.
- If the Consignee's UPS account is not in good standing.

15.6 Customs Brokerage Guarantee

If a UPS Standard® service Shipment from the U.S. is not delivered on-time in Canada (except for the Limits and Restrictions for On-Time Delivery Guarantee outlined in Section 20), and UPS was designated as the customs broker for that Shipment, the UPS Customs Brokerage Guarantee applies. Under the UPS Customs Brokerage Guarantee, UPS will, at UPS's option, either credit or refund the customs brokerage Entry Preparation Fee for such Shipment or Package, to the payer only, upon request. Contact UPS for specific delivery times between the origin and destination.

The Consignee remains responsible for payment of applicable duties, taxes or any additional brokerage services provided for the Shipment.

15.7 UPS Customs Brokerage Billing Options

When a UPS Shipment is imported into Canada or exported from

Canada, the Shipper may choose to pay either the duty and tax or duty only, by showing instructions on both the export documentation and the UPS Pickup Record. These options are available only to Shippers with an active UPS account. These services are not available if any or all of the shipping charges are billed to the Consignee or if a Consignee chooses a customs broker other than UPS for imports or UPS Supply Chain Solutions® for exports.

16. Billing Options

16.1 Billing Options for Domestic Shipments

Unless otherwise indicated in a UPS automated shipping solution or on the UPS Canada Services Waybill, shipping charges will be billed to the Shipper.

UPS also accepts Shipments billed to the receiver or a third party provided the receiver or third party has a valid UPS Canada Account Number and the payer has been notified in advance by the Shipper and agreed to accept the charges.

The receiver or third party's account number must be provided to UPS at the time of shipping via the shipping system or waybill used by the Shipper.

The Shipper is responsible for shipping charges refused by a receiver or third party. Regardless of the billing option selected, some charges, including, but not limited to, address correction charges, will be billed to the Shipper.

16.2 Billing Options for International Shipments

The amount billed includes, but is not limited to, shipping charges, duties and taxes and any other customs clearance charges, if applicable.

Unless otherwise indicated in a UPS automated shipping solution or on

the UPS Worldwide Services Waybill, shipping charges will be billed to the Shipper and duties and taxes will be billed to the receiver.

Unless otherwise restricted in the origin or destination country, Shippers may also select the payer of shipping charges as the receiver or a third party and the payer of duties and taxes as the Shipper or a third party. The receiver (for shipping charges) or third party (for shipping charges or duties and taxes) must have a valid UPS Account Number and must be notified in advance by the Shipper and agree to accept the charges.

The receiver or third party's valid UPS Account Number and country must be provided to UPS at the time of shipping via the shipping system or waybill used by the Shipper. The Shipper is responsible for shipping charges refused by a receiver or third party. Regardless of the billing option selected, some charges, including, but not limited to, address correction charges, will be billed to the Shipper.

In addition to the billing combinations noted above, the following billing option is also available:

Delivered Duty Paid, Value Added Tax (V.A.T.) Unpaid - The Shipper pays all shipping charges and the destination country's duties, if applicable. The Consignee pays the balance, such as the V.A.T. This billing option is only available through an authorized UPS automated shipping solution.

Except for Shipments to the U.S. or Mexico, an additional Duty and Tax Forwarding Surcharge, set forth in the UPS Rates in effect at the time of shipping, will apply if the Shipper selects a billing option in which duties and taxes are to be paid outside of the destination country of the Shipment.

UPS reserves the right in its sole discretion to request advance payment of shipping charges for any Package sent to any international destination.

16.3 Invoice Adjustments

All invoices shall be deemed to be accepted as issued, unless requests for invoice adjustments are received within ninety (90) days from the invoice date by calling 1-800-Pick-UPS®.

17. Three Delivery Attempts

If UPS is unable to complete the delivery of a Shipment, a notice will be left at the Consignee's address stating that a delivery has been attempted. On the second business day and, if necessary, on the third business day, UPS will attempt to deliver the Shipment without additional charge.

18. Driver Release/Indirect Delivery

Driver Release is a UPS residential delivery service in which, at the discretion of the UPS service provider, a Package may be left at a private residence without obtaining a signature. Driver Release is only available in select areas.

If a signature is required on a Package, or the UPS service provider is otherwise unable to Driver Release a Package, it may be delivered to a neighbouring address. The service provider will obtain a signature from the neighbour when completing an indirect delivery.

19. Proof of Delivery

Delivery can be verified by accessing the UPS tracking system via UPS.com®, by using UPS Connect® software, or by calling 1-800-Pick-UPS from anywhere in Canada. Delivery history is maintained in our electronic files

for up to nine (9) months following the Shipment date.

Written Proof of Delivery (P.O.D.)

Upon request, UPS will provide proof of delivery via facsimile or mail transmission. The request must include a facsimile number, including area code, for an operating facsimile machine, or an address deliverable by Canada Post Corporation for mail. UPS reserves the right to assess the Shipper an additional charge, set forth in the UPS Rates applicable to the Shipment in effect at the time of shipping, for each successfully transmitted or mailed P.O.D.

20. Money-Back Guarantees

UPS stands behind its commitments for on-time delivery with a money-back guarantee.

On-Time Delivery Guarantee

In the event UPS fails to complete delivery or attempt delivery within the time commitment, UPS, at its option, will either credit or refund the shipping charges for each such Package, to the payer only, upon request, subject to the following conditions:

- UPS's guaranteed delivery schedule must state that the destination point qualifies for the service commitment from the origin point. Call 1-800-Pick-UPS for details.
- The Shipment must be properly documented on a UPS Pickup Record and each Package in the Shipment must bear the appropriate UPS tracking label.
- Each Package in the Shipment must be properly labelled, including From/To address details with the Consignee's correct name, deliverable address, postal or Zip code, and telephone number. UPS cannot deliver to a P.O. Box.

- UPS reserves the right to refuse to honour a request for a credit or refund of shipping charges for a Package when the Package does not have affixed to it a Smart Label and/or when UPS does not receive Package Level Detail (PLD) information at the time the Package is tendered to UPS.
- For UPS Express Early A.M.®, UPS Worldwide Express Plus™ Shipments, and Saturday Deliveries, the appropriate routing labels must be attached to each Package in the Shipment.
- For international Shipments, all applicable documentation required by the origin and/or destination country must be complete and included with the Shipment.
- The Shipment must be tendered to UPS during UPS's published business hours.
- UPS must be notified of a service failure in writing or by telephone within fifteen (15) calendar days from the date of scheduled delivery and be advised of the Consignee's name and address, date of Shipment, Package weight, and the UPS Tracking Number.
- Customs clearance must be performed by UPS or its designee.

Limits and Restrictions

- The on-time delivery guarantee does not apply to Shipments that are delayed due to causes beyond UPS's control, including, but not limited to, the following: the unavailability or refusal of a person to accept delivery of the Shipment, delays caused by the Consignee, acts of God, public authorities acting with actual or apparent authority on the premises, acts or omissions of Customs or similar authorities, riots, circumstances arising before,

- during, or after a strike or other labour disputes, civil commotions, disruptions in the air or ground transportation network (such as weather phenomena), and natural disasters.

 - The on-time delivery guarantee does not apply to UPS Standard Shipments to and from the United States that are picked up or scheduled to be delivered fourteen (14) calendar days before December 25.
 - The on-time delivery guarantee for UPS Express® Shipments scheduled for delivery within the United States on November 28, New Year's Eve, and during the seven (7) calendar days before December 25 will be extended by 90 minutes.
 - UPS reserves the right to waive the on-time delivery guarantee on Shipments scheduled for delivery the business day following a national or provincial holiday when that holiday is not observed in the U.S. or other parts of Canada.
 - The on-time delivery guarantee does not apply to the UPS Combined Shipment Entry service.
 - The money-back guarantee does not apply to any company or service provider that is engaged in the re-selling of any UPS services.
 - UPS reserves the right to refuse any request for a credit or refund when such request is either (a) made by or (b) based on information obtained by a party other than the payer of the shipping charges.
 - The UPS Package tracking system accessed via the UPS.com® website (the "Tracking System") and tracking information obtained through the UPS website (the "Information") are the private property of UPS. UPS authorizes you to use the Tracking System solely to track Shipments tendered by or for you to UPS for delivery and for no other purpose. Without limitation, you are not authorized to make the Information available on any website or otherwise reproduce, distribute, copy, store, use or sell the Information for commercial gain without the express written consent of UPS. This is a personal service, thus your right to use the Tracking System or Information is non-assignable. Any access or use that is inconsistent with these terms is unauthorized and strictly prohibited.
 - \$100 protection automatically applies to the value of each **Package** when using the following pickup records: Shipping Record Book, UPS Connect CX and EX domestic Shipments.
 - Unless a greater value is declared in writing in the Declared Value space provided on the shipping record provided to UPS, the Shipper declares the released value to be no greater than \$100 per Package or Shipment, which is a reasonable value under the circumstances surrounding the transportation.
 - See Section 3.2 in this document for the maximum Declared Values that can be made.
 - The rules relating to liability established by the Convention for the Unification of Certain Rules Relating to International Carriage by Air signed at Warsaw, Poland, on October 12, 1929, and any amendments thereto, may apply to the carriage of international Shipments.
 - In connection with a damaged Shipment, the Shipper must retain the original packaging until an inspection can be completed by UPS or its agent.

21. Responsibility for Loss or Damage

UPS automatically protects against loss or damage of a Package or Shipment up to a value of \$100. If the Shipper wishes to declare a value greater than \$100 for a Package or Shipment, the greater Declared Value must be entered on the UPS shipping documentation, and an additional charge will be applied.

- \$100 of protection automatically applies to the value of the **Shipment** when using the following pickup records: Canadian Services Waybill, Worldwide Services Waybill, UPS Connect® NX domestic Shipments, UPS Connect export Shipments, UPS Internet Shipping or UPS CampusShip™.

22. Limitation of Liability

UPS shall not be liable for any special, indirect, incidental, consequential, or punitive damages (collectively, the "Consequential Damages") including, but not limited to, loss of profit or revenue incurred by the Shipper (or any other person or company) as a result of UPS's (or carrier's or agent's) acts or omissions, including but not limited to, gross negligence, negligence causing damage, failure to deliver, loss or theft of or damage to the Shipment, or late or delayed Shipment.

In any such event, UPS's liability shall be limited to a refund of the shipping charges (if the Shipment has been guaranteed by UPS to arrive on-time). This limitation of liability applies to all Shipments, notwithstanding that the Shipper has completed the Declared Value section on the UPS Pickup Record and paid the additional charge. In no event shall UPS be liable for any Consequential Damages even if UPS or its employees are advised in advance of the possibility of such damages.

UPS will not be liable or responsible for the loss or damage to any Package, the contents of which Shippers are prohibited from shipping, which UPS is not authorized to accept, which UPS states that it will not accept, or which UPS has the right to refuse. UPS will not pay for a claim for the loss or damage to property unless all applicable transportation charges have been paid. UPS shall not be liable for and reserves the right in its sole discretion to deny claims pertaining to a Package for which there are no UPS records reflecting that the Package was tendered to UPS by the Shipper or due to improper packaging.

UPS will not be responsible for the loss or damage to perishable commodities or commodities requiring protection from the heat or cold, to the extent the loss or damage results from exposure to heat or cold or the perishable nature of the items.

23. Claims Procedure

A claim may be filed by the customer when UPS does not meet its on-time delivery commitment, or for loss of or damage to a Shipment. Tracing or tracking a missing Package does not mean that a claim has been filed.

Claims may be submitted to UPS in writing or by electronic communication to:

Once a claim has been filed, a claim reference number will be issued by UPS.
